

# APC HIPAA Training

---

Please watch the following videos. They can be accessed by holding the “control key” while clicking the blue text. A 15 question test is involved. You may fill out the answers as you watch the videos. The goal is to have you learn from them. It will take you about 35 minutes to watch all the clips...

## Part 1 HIPAA Privacy Rule

### [HIPAA privacy rule.wmv](#)

This is the video I did as a part of my HR mgmt final exam.

7 minutes—**This is an overview of the HIPAA Privacy Rule.**

7 minutes--**This is a light, amusing Role play video about HIPAA violations and the correct way of doing things.**

### [Understanding HIPAA](#)

## 6 rights

### [Residents Rights Under HIPAA](#)

Discover your six residents rights under the HIPAA regulations.

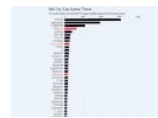

5 minutes—**This video talks about clients’ rights under HIPAA. Although they use the term “resident,” it applies to our clients.**

## [HIPAA101](#)

About 5 minutes

This is a light-hearted HIPAA compliance video to help enforce new rules and regulations that are necessary to follow.

Complex password --4 minutes

## [HIPAA Secure Now! Security Tips and Reminders #1](#)

HIPAA Secure Now! Security Tips and Reminders #1

This video is about the importance of creating a complex password as part of security of clients' records.

HIPAA / HITECH -- Under 2 minutes – This video has no sound, please read the slides – you'll need to press pause at each slide as it goes pretty fast!!

[HIPAA Privacy, Security, and the HITECH Act](#) This is particularly important for physicians and health care providers who utilize electronic health record systems.
